COMPANY FACTORY

COMPANY INFORMATION

- I 100% professional service
- II 100% CNC precision
- III 100% professional testing
- IV 100% high level ex-factory inspection
- V 100% quality assurance, repair and replacement
- VI 100% professional service

01	21 years of professional experience	4 factories	02
03	Independent research and development team 18 top senior professional researchers	2 professional testing centers	04
05	100% high level ex-factory inspection	High quality imported materials	06
07	2 years quality assurance, repair and replacement		

COMPANY QUALIFICATION

COMPANY EXHIBITION

Partners

1. RKS Fluid is a professional manufacturer of industrial valves and actuators. We have 21 years of professional experience in the industry. Our products are widely used in various industries, including oil, gas, water, and chemical processing. We have a strong R&D team and advanced production equipment to ensure high-quality products.

2. RKS Fluid has 4 factories and 2 professional testing centers. We use high-quality imported materials and strict quality control to ensure the reliability and durability of our products. We also offer a 2-year quality assurance, repair, and replacement service to our customers.
