Our Factory

RKSfluid was founded in 1997. We are a production workshop for both foundry and
machining, research & development center, and quality inspection center. The manufacturing
facilities include CNC machining centers, professional processing cells, broad spectrum

welding equipment, automatic assembling and coating lines. We have built a team for design,
research & development. Our new testing center as a public service platform testing center in
Liaoning Province, Become the standard GB of the Chinese valve reference unit, to participate
in the development of the relevant valve industry standards. In order to accelerate the
expansion of overseas business and resources integration, and to support the success of RKS
fluid sales in the USA, German, Russia. We have US Agent. Our product design standards
cover: GB, ISO, German and American Standard, approved by TUV for CE and ADWO- 2000,
ISO9001, TS, API. Our products: Manual, Pneumatically & electrically operated Ball valves,
Butterfly valves and Gate Valves. Check Valves, Automatic Control Valves. Castings and
