

- Better sealing effect, prevent leakage
- Easier replace the filter bag, lower operating cost
- Adjustable installation height to meet specific application occasions
- Large effective filtration area and higher filtration efficiency
- Longer filter bag service life
- Reasonable structure, more stable and reliable filtration
- China GB-150, International ASME, CE Pressure Standards

- Filter different chemical **acid** and **alkali** liquids
- No seam, no dead angle, precise specification
- Smooth surface, no groove, no dead angle, easy to clean
- Can withstand **high temperature** and **high pressure**
- High quality, high efficiency, economical & practical

- Suitable for high capacity & large flow filtration
- Provided 3 ~ 24 bags design structure
- Equipped with standard size flange
- Flow from 120 to 960 cubic/hours
- Excellent welding quality, safe and reliable

Our Factory

Company Advantages

01

21 years of professional experience

03

Independent research and development team
28 top senior professional researchers

05

100% high level ex-factory inspection

07

2 years quality assurance, repair and replacement

4 factories

02

2 professional testing centers

04

High quality imported materials

06

1. Mainly products Bag Filter, Cartridge Filter, Self-cleaning Filter, Modular Self-cleaning Filter, PP Filter, Filter bag, Filter Element, Filter Material, sea water desalination, Portable desalination system, Candle Filter.

2. More than ten years of experience in filter production and development, with a number of industry invention patents.

3. Supply API,AWWA,ASME,BS EN,DIN,JIS standard,TUV,CE,ISO9001,TS,OHSAS,WRAS certificated.

4. According to the actual working condition, professional R & D team can provide the solution of solid-liquid separation of the filter

FAQ

Q1: How could we get quotation?

A1: Normal provide us medium, temp., pressure.

Q2: How long is the delivery time?

A2: Simple filter 5-10 days, design filter 15-90 days on different request.

Q3: What about the payment term?

A3: T/T 30% deposit, balance payment after finished production before shipment. Or as discussed.

Q4: What's your MOQ? Can I have a sample order?

A4: We can support 1pc order, welcome to check our quality. We accept sample order.

Q5: What's your quality inspection? Do you test all your goods before delivery?

A5: Yes, 100% test. The equipment will be debugged before leaving the factory.

Q6: Could I customize special request like material and parts?

A6: Sure, provide your request list, our engineers will change the system as you need, to ensure the filtration work excellent

Q7: How do you provide after-sales service and installation?

A7: Warranty 1years. We provide filed installation, please contact us for quotation.
