Free wedge nut, reduces the stem bending forces and at the same time enables it to be easily replaced.

The more compact new cap, reduces the water retention areas in order to reduce the risk of bacterial growth.

One piece stainless steel stem in for better resistance to axial load and to with stand higher operating torques.

Three locking tab for bayonet system prevents self-dismantling.

Dust guard integrating three O-ring shape, prohibiting the introduction of foreign bodies at the stem.

Male guiding system with composite sliding skate reduces the wear of the wedge against the body, allowing a smooth functionality and a longer life time of the valve.

Triple seal at the operating stem to ensure tightness with the test of time (2500 cycles).

New male composite sliding skate technology ensuring a low operating torque even under high differential pressure and preventing damage or corrosion generated by the friction.

APPLICATION SCENARIO

Industrial water application

Power plant

Sea water desalination

Water treatment

Water supply and drainage

HAVC

Food and drug

Q: How long is the lead time for your products?
A: It depends on the quantity and the configuration of the products. Generally, it takes 2-5 weeks.

Q: Do you have any certifications?
A: Yes, we have ISO 9001, ISO 14001, and ISO 45001 certifications. We also have various industry certifications such as TUV, API, WRAS, CE, ISO, DIN, ASME, BS EN, JIS, API, and AWWA.

Q: What is your payment method?
A: We accept various payment methods including T/T, L/C, and Western Union.

Q: How do you ensure the quality of your products?
A: We have a strict quality control system and all our products are tested before shipment.

Q: What is your company's main product?
A: Our main product is hydraulic cylinders.

Q: Do you have any other products?
A: Yes, we also have hydraulic pumps, valves, and hoses. We are a professional manufacturer of hydraulic components.

Q: How can I contact you?
A: You can contact us via email or phone. Our website is also available for your reference.
