RKSfluid (Yingkou) Flow Control Company

SGS CE WRAS

The image shows three large, blue industrial valves, likely gate valves, arranged in a row in a factory or warehouse. The valves are painted a vibrant blue and feature large, circular flanges with multiple bolt holes. They are mounted on a concrete floor. In the background, the industrial structure of the building is visible, including steel beams and overhead cranes. The lighting is bright, coming from large windows on the right side of the frame.

Reliability Keeps Safety
