

- Fireproof structural design, API607 / API6FA Standard
- Flexible sealing ring structure, reliable seating
- Safety locking device, error prevention
- Double block & bleed
- Anti-static design

Engineering Projects

Partners

PTFE lined butterfly valve

Resilient seat butterfly valve

Double offset butterfly valve

Triple offset butterfly valve

Ball valve

Pipe fittings

Our Factory

Company Advantages

01

21 years of professional experience

03

Independent research and development team
28 top senior professional researchers

05

100% high level ex-factory inspection

07

2 years quality assurance, repair and replacement

4 factories

02

2 professional testing centers

04

High quality imported materials

06
