

## DESIGN FEATURES

### Features

- Use AkzoNobel material.
- Super Anti-corrosion
- Epoxy powder coating 200-250um,
- Baking varnish over 200°C,

NO.		
1	Body	GGG50
2	Dise	GGG40+EPDM
3	Wedge nut	C48600
4	Stem	SS431
5	Bonnet	GT450-10
6	Gasket	EPDM
7	Y-ring	EPDM85-90
8	Fix ring	CuZn21Si3/C69300
9	Thrust bearing	C69300
10	Seal ring	EPDM70
11	O ring	NBR
12	Retainer ring	POM
13	Bushing ring	POM
14	Gland	SS431
15	Dustproof ring	EPDM85
16	Dise core	GGG40
17	Bolt	SS316

Free wedge nut, reduces the stem bending forces and at the same time enables it to be easily replaced.

The more compact new cap, reduces the water retention areas in order to reduce the risk of bacterial growth.

One piece stainless steel stem in for better resistance to axial load and to with stand higher operating torques.

Three locking tab for bayonet system prevents self-dismantling.

Dust guard integrating three O-ring shape, prohibiting the introduction of foreign bodies at the stem.

Male guiding system with composite sliding skate reduces the wear of the wedge against the body, allowing a smooth functionality and a longer life time of the valve.

Triple seal at the operating stem to ensure tightness with the test of time (2500 cycles).

New male composite sliding skate technology ensuring a low operating torque even under high differential pressure and preventing damage or corrosion generated by the friction.

# APPLICATION SCENARIO

Industrial water application

Power plant

Sea water desalination

Water treatment

Water supply and drainage

HAVC

Food and drug

Water transport

# COMPANY FACTORY

01

21 years of professional experience

03

Independent research and development team  
28 top senior professional researchers

05

100% high level ex-factory inspection

07

2 years quality assurance, repair and replacement

4 factories

02

2 professional testing centers

04

High quality imported materials

06

Q: What is the lead time for your products?  
A: It depends on the quantity and the destination. For small quantities, it is about 2-3 weeks. For large quantities, it is about 4-6 weeks.

Q: Do you have any certifications?  
A: Yes, we have ISO 9001, ISO 14001, and ISO 45001 certifications. We also have various industry certifications such as TUV, API, WRAS, CE, ISO, DIN, ASME, BS EN, JIS, API, and AWWA.

Q: What is the payment method?  
A: We accept various payment methods including PayPal, Western Union, VISA, Escrow, MasterCard, and HSBC.

Q: What is the minimum order quantity?  
A: The minimum order quantity is 2 units. For larger quantities, we offer better prices.

Q: What is the warranty?  
A: We provide a 1-year warranty for our products.

Q: What is the quality control process?  
A: We have a strict quality control process. 100% of our products are inspected before shipping. We also have various industry certifications such as TUV, API, WRAS, CE, ISO, DIN, ASME, BS EN, JIS, API, and AWWA.

Q: What is the shipping cost?  
A: The shipping cost depends on the quantity and the destination. We offer competitive shipping rates.
